# Student Chromebook Expectations

1. All TRUSD students must bring their assigned Chromebook and Chromebook charger to school with them every day.
2. Students will charge their Chromebook at home and bring it to school fully charged to ensure it is ready for a full day of school.
3. Students will safely carry their assigned Chromebook to and from school each day and between classes in a case and a backpack.
4. Students will notify their teacher if they fail to bring their Chromebooks to school, and be assigned a loaner for the day.
5. Students will provide their devices for inspections when requested by the teacher or site administration. An inspection may include showing browser history and physical examination of the device and transport (backpack and case).
6. Students are responsible for keeping the assigned Chromebook in good condition. If the Chromebook is not functional they will notify their teacher (Chromebook Care Video.)
7. If a Chromebook is lost or damaged, whether intentionally or through a student or family's lack of care, students or parents/guardians shall be responsible for the current replacement cost of the Chromebook. (Reference: Student & Family Handbook sections 3.20, 3.21; BP 3260; BP 6161.2)
